

WASSIM ZAOUI

Summary

Self-taught Front-End Developer with hands-on experience building modern, responsive web applications using React.js, Next.js, TypeScript, and Tailwind CSS. I've completed comprehensive courses on platforms like Udemy, Coursera, and more. and sharpened my skills through real-world challenges on Frontend Mentor and GreatFrontEnd. I build projects with clean, reusable code, managing version control using Git and GitHub in a team-ready workflow, and follow modern development best practices. Passionate about creating polished, user-focused interfaces and continuously expanding my skill set.
